

## **School Accessibility Plan**

### **1.0 Purpose**

- 1.1 This plan exists to ensure that the school is equally accessible to disabled pupils and pupils with special educational needs and that these pupils are not prevented from achieving academically, or getting maximum benefit from their school life, by being disadvantaged through inadequate provision of building structural services, facilities, resources or curricular/extra-curricular organisation.
- 1.2 Disability is defined as a physical or mental impairment which has a substantial and long-term adverse effect on a person's ability to carry out normal day-to-day activities
- 1.3 The plan will also consider the requirements of disabled parents/carers, staff and visitors to the school.  
The main objectives of this plan are:-
  - To increase the extent to which pupils with special educational needs or difficulties can participate in the school curriculum.
  - To improve the physical environment of the school to ensure that pupils with any kind of disability or learning difficulty can participate in all school activities.
  - To assess the delivery of written information to pupils to ensure that formats are available for pupils with disabilities or learning difficulties.
  - To ensure that the school listens to the views expressed by the pupils or parents about their preferred means of communication.
- 1.3 This plan is developed in conjunction with the school policies on Equality, Diversity and Cohesion and Special Educational Needs. Actions identified from it will feed into the School Development Plan.

### **2.0 Responsibilities**

- 2.1 The governing body will ensure that adequate resources are available for meeting the needs of existing disabled pupils/parents/carers/staff as identified as part of accessibility planning.
- 2.2 Once this has been achieved it will also consider the potential needs of future disabled pupils. However, it is recognised that such requirements may have an associated cost and these requirements will therefore not be implemented until the need to do so actually arises.
- 2.3 The Headteacher is responsible for ensuring that specialist help is provided to pupils with disabilities or specific learning difficulties in line with the LEA guidelines and that LEA support services and resources are fully engaged. This could involve working with other local schools to use their specialist resources.
- 2.4 The Headteacher is responsible for ensuring that accessibility issues are considered during the procurement process.
- 2.5 The governing body are responsible for ensuring that this plan is monitored and evaluated.

### **3.0 Principles of School Accessibility Planning**

- 3.1 The school will not discriminate against disabled pupils or those with a statement of special educational needs in their admissions and exclusions or in provision of education and other related school activities
- 3.2 The school will not put disabled pupils/ those with a statement of special educational needs at a substantial disadvantage.
- 3.3 The school will assess accessibility annually and publish an Accessibility Plan identifying any actions that need to be implemented.
- 3.4 Effectiveness of the Accessibility Plan will be monitored by the governing body.
- 3.5 The pupil's right to confidentiality will be respected.
- 3.6 The views of parents will be obtained to ensure that each child with a disability/statement of special educational needs is given an individual support plan that best meets their needs.
- 3.7 All staff will be fully briefed on the requirements of the support plans for children with a disability/statement of special educational needs.
- 3.8 Full risk assessments will be carried out to ensure the safety and well-being of disabled pupils/those with a statement of special educational needs.

3.9 All appropriate support resources and materials available from the LEA will be engaged.

#### **4.0 Increasing Participation in the School Curriculum**

- 4.1 The Accessibility Plan will ensure that pupils with disabilities/statements of special educational needs are able to participate in the wider school curriculum including sports, lunchtime clubs and societies, cultural activities and school visits.
- 4.2 Classroom layouts and teaching methods are planned with the requirements of disabled children/those with a statement of special educational needs in mind.
- 4.3 Physically disabled pupils are assigned mentors from their peer group who can assist them where necessary.

#### **5.0 Improving the Physical Environment**

- 5.1 The physical environment will be assessed including steps, stairways, kerbs, exterior surfaces and paving, parking areas, building entrances and exits (including emergency escape routes), internal and external doors, gates, toilets and washing facilities, lighting, heating, ventilation, signs, interior surfaces, floor coverings, room décor and furniture.
- 5.2 Required improvements to physical access will be identified in line with current and possible future needs and within the constraints of the school funds. Such improvements could include ramps, handrails, lifts, widened doorways, electromagnetic doors, adapted toilets and washing facilities, adjustable lighting, blinds, induction loops, well designed room acoustics and way-finding systems.
- 5.3 Physical aids to support education will also be reviewed. Such aids might include ICT equipment, enlarged computer screens and keyboards, concept key boards, switches, photocopying enlargement facilities, specialist desks and chairs and portable aids for children with motor coordination and poor hand/eye skills, specialist pens and pencils, sloping desks, booster seats and specialist seating.

#### **6.0 Improving the Delivery of Information to Disabled Pupils**

- 6.1 Written information provided by the school to its pupils must be accessible to disabled pupils. The information should take account of pupils' disabilities, pupils' and parents' preferred formats and be made available within a reasonable time frame. The information might include handouts, timetables, and information about school events. The school might consider providing the information in alternative formats (such as large print, audio tape, braille, a recognised symbol system, using pictures) by using ICT, or by providing the information orally, through lip speaking or in sign language.

#### **7.0 Monitoring and Evaluation**

- 7.1 The progress on implementation of the Accessibility Plan and monitoring of its effectiveness is the responsibility of the school governing body and will be managed by the Pastoral Committee.
- 7.2 Evaluation will be based on the following indicators:
  - Greater satisfaction of disabled pupils and their parents with the provision made for them and their participation in the life of the school;
  - Evidence of the greater involvement of disabled pupils in the full life of the school (for example, participation in after school clubs, leisure, sporting and cultural activities and on school trips);
  - Observable changes in staff confidence in teaching and supporting disabled pupils with a range of needs;
  - Audits carried out on the main curriculum areas
  - Progressive planned improvements to the physical environment of the school;
  - Information being available to pupils in a range of formats.

**Section 1: How does the school deliver the curriculum?**

Question	YES/NO
Do teachers and teaching assistants have the necessary training to teach and support disabled pupils? <b>Ongoing training continuing to take place for all staff. Team teach AW,AC,JC 2012</b>	✓
Are classrooms optimally organised for disabled pupils?	✓
Do lessons provide opportunities for all pupils to achieve?	✓
Are lessons responsive to pupil diversity?	✓
Do lessons involve work to be done by individuals, pairs, groups and the whole class?	✓
Are all pupils encouraged to take part in music, drama and physical activities?	✓
Do staff recognise and allow for the mental effort expended by some disabled pupils, for example using lip reading?	<b>N/A at present time</b>
Do staff recognise and allow for the additional time required by some disabled pupils to use equipment in practical work?	✓
Do staff provide alternative ways of giving access to experience or understanding for disabled pupils who cannot engage in particular activities, for example some forms of exercise in physical education?	<b>✓ Discussed with relevant staff as appropriate</b>
Do you provide access to computer technology appropriate for students with disabilities?	✓
Are school visits made accessible to all pupils irrespective of attainment or impairment? <b>Risk assessments continue to take place prior to any visit.</b>	✓
Are there high expectations of all pupils?	✓
Do staff seek to remove all barriers to learning and participation?	✓

**Section 2: Is the school designed to meet the needs of all pupils?**

Question	YES/NO
Does the size and layout of areas – including all classroom, sporting, play, social facilities, the assembly hall, dining area, shared areas, toilets, library, IT suite and outdoor sporting facilities, playgrounds and shared areas allow access for all pupils?	✓
Can pupils who use wheelchairs move around the school without experiencing barriers to access such as those caused by doorways, steps and stairs, toilet facilities and showers? <b>Wheelchair users can gain access to school, but technically not be able to get round school without help due to the (double) doors only opening one way. We would therefore have to have a rota of 'buddies' to help out. Also, in a fire/with fire drill, the only ramp is at the front and only easy access to the playground is by the Y2/3 cloakroom. If we ever have a wheelchair user, extra arrangements would therefore be put in place.</b>	<b>(✓) No wheelchair users at present. Have had disabled visitors who were able to move well around the building.</b>
Are pathways of travel around the school site and parking arrangements safe, routes logical and well signed?	✓
Are emergency and evacuation systems set up to inform ALL pupils, including pupils with SEN and disability; including alarms with both visual and auditory components?	✓
Are non-visual guides used, to assist people to use buildings including lifts with tactile buttons?	<b>N/A</b>
Could any of the décor or signage be considered to be confusing or disorientating for disabled pupils with visual impairment, autism or epilepsy? <b>Some of our signs are not at the right level for wheelchair users (though most seem ok)</b>	<b>No</b>
Are areas to which pupils should have access well lit?	✓
Are steps made to reduce background noise for hearing impaired pupils such as considering a room's acoustics, noisy equipment?	✓
Is furniture and equipment selected, adjusted and located appropriately? <b>Usually for a statemented child - All necessary equipment resourced through / with the help of relevant outside professionals.</b>	✓
Are classrooms organised to best meet the needs of pupils with a disability/statement of special educational needs? <b>Fine for Dyslexia friendly/ASD apart from issues such as strong fluorescent lighting, noisy whiteboard projectors – fine for most pupils, but a child (eg ASD) with sensory needs would find these awkward. Provision would be re-assessed for any new child with particular requirements.</b>	✓

### Section 3: Does the school deliver materials in other formats?

Question	YES/NO
Do you provide information in simple language, symbols, large print, for pupils and prospective pupils who may have difficulty with standard forms of printed information?	(✓)
Do you provide information in simple language, symbols, large print, for parents/carers and prospective parents/carers who may have difficulty with standard forms of printed information? <b>Would chat 1:1 when necessary. Have also had a parent teacher evening in the past with one of the Nepalese parents acting as interpreter for those families as required.</b>	✓
Do you ensure that information is presented to groups in a way which is user friendly for people with disabilities e.g. by reading aloud, overhead projections and describing diagrams?	✓
Do you have the facilities such as ICT to produce written information in different formats?	✓
Do you ensure that staff are familiar with technology and practices developed to assist people with disabilities?	✓
